

# ADVANCED *certification* CALL EVALUATION CHECKLIST

---

Submitting your coaching calls for feedback will help you improve your coaching and is a requirement to pass your certification. We are not looking for you to impress us with your coaching here. We want to be able to give you feedback on some of the situations where you find yourself stuck and unsure how to coach. Please keep that in mind when you choose a call for submission.

We recommend you use calls from the Be Bold clients you are coaching but you may submit a different coaching call as long as it is a private coaching session and understand we will watch only 30 mins regardless of how long the session goes.

Calls must be submitted ON TIME to receive credit. Go to [certification.jodymoore.com](https://certification.jodymoore.com) and click on the call evaluation section to find the link to submit. You may submit early but we will not take late submissions unless there is a legitimate emergency. We recommend submitting early in case you run into tech issues and need guidance. Reach out to Crystal or Melissa through slack if you need help.

These are the deadlines for submitting coaching calls. Feel free to print this form and cross them off as you go.
